

BLAKE MANOR

NURSING HOME • DAYCARE • CONVALESCENCE • RESPITE

OUR EXPERIENCED TEAM

- The cornerstone of Blake Manor
Our care team is made up of long-term
dedicated highly trained professionals.

Blake Manor is a family run nursing home. Aideen lives within the grounds of the nursing home and is very much a hands-on owner, spending a great deal of time in the nursing home ensuring that all residents receive the best of care.

Aideen has put together a team of nurses and carers, domestic staff and catering staff that work together in harmony to create the atmosphere that makes living at Blake Manor such a pleasure. Staff are focused on the residents needs, ensuring that they feel valued and respected. All staff at Blake Manor are acutely aware of their important roles in the lives of the residents.

"Thank you so much for your dedicated and caring attention to our mum while she was with you."

Galway City Family

"I cannot praise Blake Manor highly enough. I had a wonderful week there, God Bless."

Respite Client, Co. Clare

"I know mum is very happy in Blake Manor and everyone has been so kind to her. Thank you."

Daughter of Client, Co. Galway

"Thank you for looking after my dear wife so well during her stay at Blake Manor, which had become her home during the remaining years of her life. I will always remember the care and affection, which you and your staff extended to me and my wife. The conversion of your historic manor house into a modern 'state of the art' nursing home has been carried out with great success. I think the spaciousness of the house with its dining areas, day rooms and adjoining terraces, are unique. I would welcome the opportunity to recommend Blake Manor for anyone needing long term care, as well as for people needing to be looked after for shorter periods."

Husband of Client,
Co. Galway
